Website Concept

- TA: People who are interested in language learning
- Goal: Lanwiz is a platform providing people to exchange their native language for the target languages they want to learn

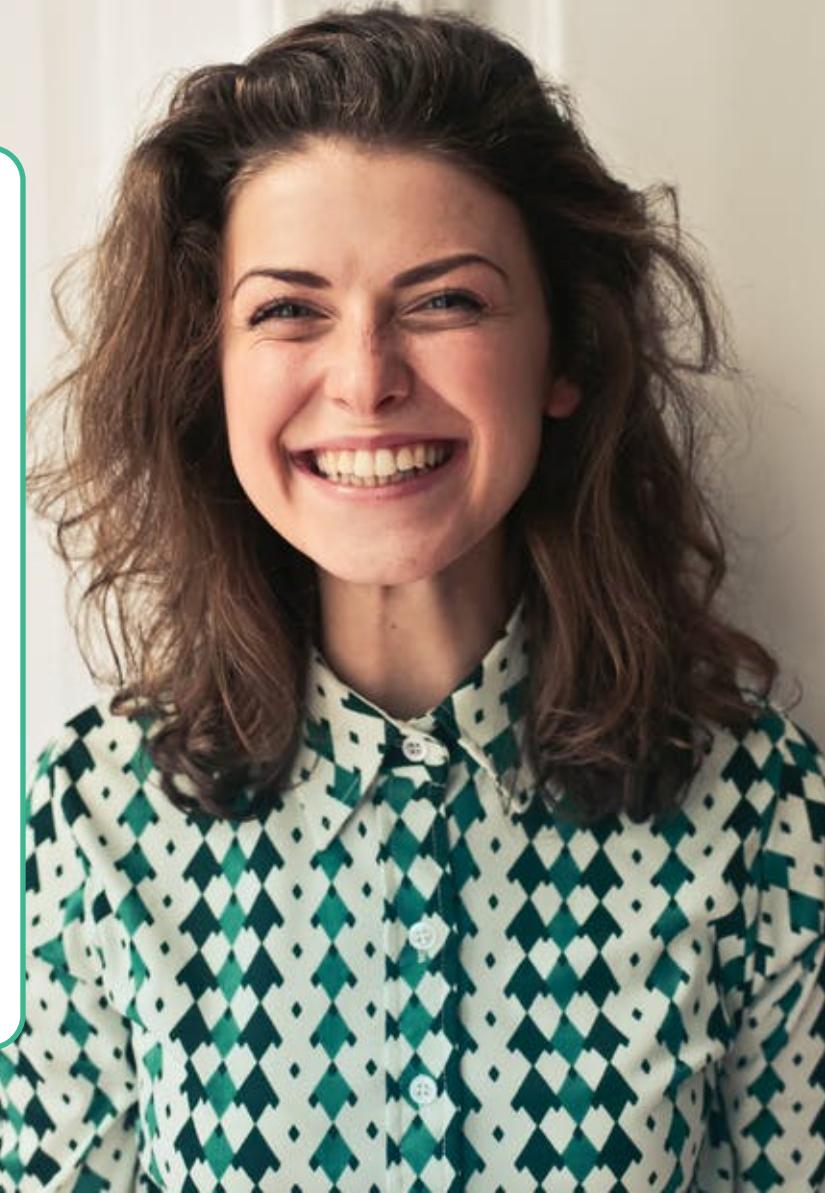

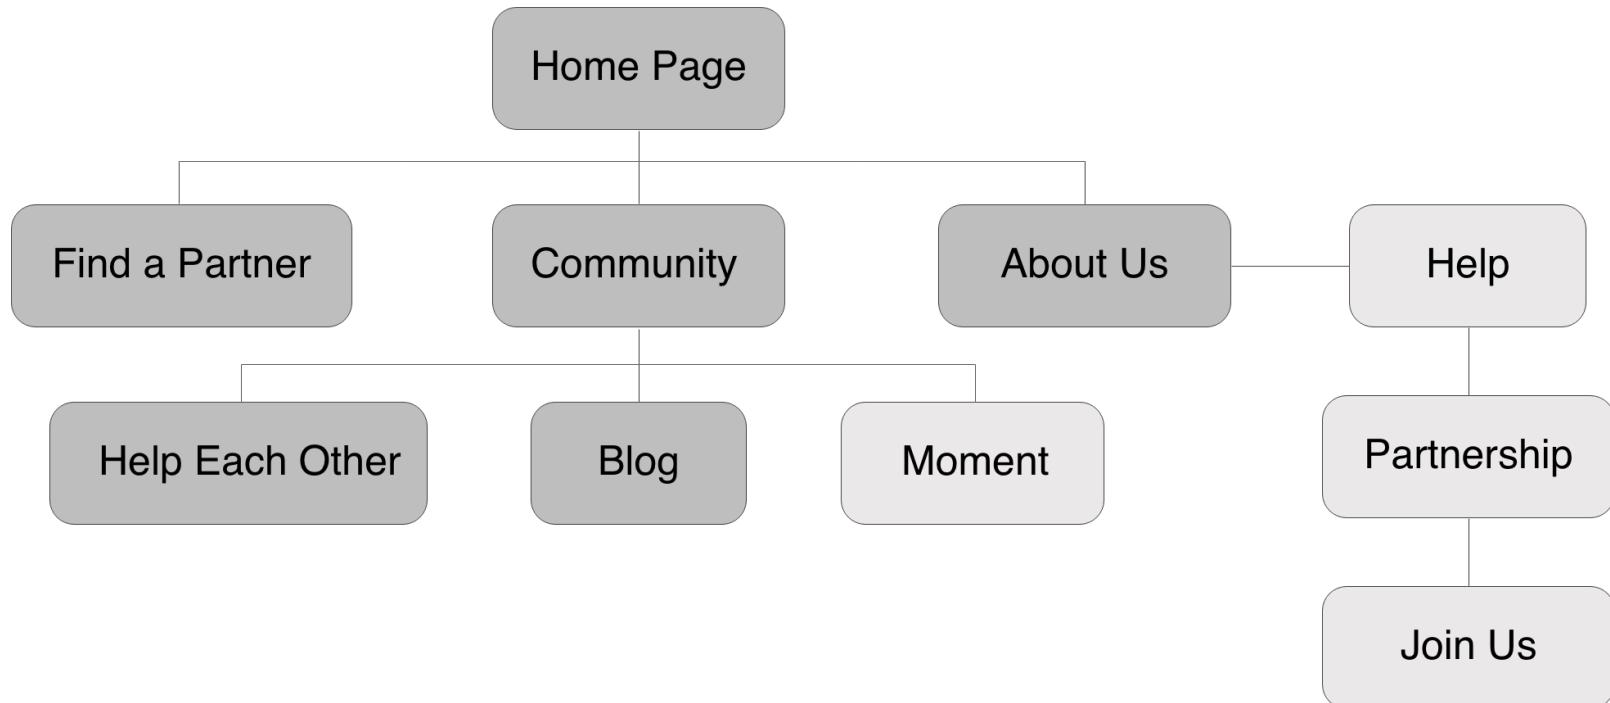

Logo Design

- The arrows surrounded the circle represent two meanings. The first represents that language communication spans the entire global village. Besides, the circle also represents the sun, while the interior is the moon, meaning that language can be exchanged all the time, no matter day or night.

The image shows a mobile application interface for Lantoo. At the top, there's a navigation bar with the Lantoo logo, followed by buttons for 'Find a Partner', 'Community', 'About Us', 'Help Each Other', 'Blog', 'Log in', 'Sign up', and 'English'. Below the navigation is a search bar with a magnifying glass icon and the placeholder 'Search by Name or Keywords'. The main content area displays a feed of user posts. Each post consists of a user profile picture, the user's name (e.g., David, Emma), the time since posting (e.g., 20 minutes ago, 47 minutes ago), the post text (e.g., 'Essay: Do you agree or disagree? Parents are the best teacher.'), and a 'Read More...' button. Below each post are like and comment icons. To the right of the feed, there's a sidebar with a 'Get Corrected!' button and a note about sharing voice records. At the bottom, there's a 'Get Started' button, a 'Learn More' section with a photo of two people in a library, and a footer with language selection ('Languages') and a list of supported languages.
